# Hiking to the Watles-Kreuz

We will take the public bus from the train station in Malles/Mals to the Watles parking area. Watles, part of the Sesvenna Group, offers some of the most stunning panoramic views despite not being the highest. Its summit, Piz Watles, sits at 2,557 meters above sea level.

Our tour begins at the mountain station of the Watles cable car, accessible from the valley station via the Watles chairlift. The route traverses gentle hills and meadows, offering spectacular views of the Vinschgau Valley.

Starting from the Plantapatschhütte, the hike ascends steadily along well-marked trail no. 3 to reach the summit cross. The descent follows the same trail back down..
